

LEVELED LITERACY FOLLOW UP

I am Jill Jolly. I am a second grade teacher at W. E. Parker Elementary School. I was thrilled to be awarded my Leveled Literacy Grant from you! Because of you, many of my students have realized the importance of literacy. My Grant has allowed me to increase my Leveled Libraries and expand our Leveled Literacy Program. I am using our specially selected books for both guided reading and independent reading. Since the books are leveled, they allow me to meet each student's needs and provide differentiated instruction.

I am very excited about continuing to use the Leveled Books Classroom Library for many years to come. I plan to add more Leveled Books to our Classroom Library. I greatly appreciate your awarding our Grant and loving our children!
