

Foundation for Public Schools in Edgefield County

Teacher's Vision Grant 2019-2020

SUMMARY

Project Title: Flexible Seating Arrangement for Middle School

Grade Level and Subject:6-8 STEM

Projected Number of Students Affected: 200

I would first like to thank the Foundation for giving us the opportunity to write these grants. This grant was for flexible seating in my STEM classroom. Using the funds provided I was able to purchase several flexible seating arrangements for my students. It is important to give students choice and flexibility in their learning environment.

Due to the ongoing pandemic, I have not been able to implement the new flexible seating options this school year. I have been able to use some of the new seating options but not all of my new equipment can be used given social distancing guidelines and the use of plexiglass. My hope is that next school year we will be able to take full advantage of the new equipment.

Thank you again for the opportunity to write this grant and allow us to use our creative teacher minds to help our students as best we can. I truly appreciate the opportunity.

Thank you,

Amber Bryan

Merriwether Middle School
