

According to the International Reading Association, “every child is entitled to excellent instruction in reading and writing that includes but is not limited to daily experiences of being read to and independently reading meaningful and engaging stories and informational texts.”

My project, “Captivating Kinders...Continued” has allowed me to purchase high interest books for my young readers. These books and other resources have helped to build my library of books for read alouds as well as books that children can read on their own during literacy station time and independent reading. This grant also allowed me to purchase books for my kids to take home to help build their own personal libraries.

Thank you so much for making it possible for me to purchase these materials for my classroom. It has certainly made a difference for my students this year and will continue to impact my classroom for years to come!

Thanks again!
