2021–2022 Teacher’s Vision Grant

Dear Foundation for Public Schools in Edgefield County:

I would like to take this opportunity to thank you for your generosity in helping me to help little minds grow. I am honored to have been one of the recipients to receive the 2021-2022 school year Teacher’s Vision Grant.

The Teacher’s Vision Grant, afforded me the opportunity to purchase nonfiction leveled books to create an informational library in my classroom. Informational text is a type of nonfiction whose primary purpose is to convey information about our natural and social world. Throughout my students daily lives they will learn and understand the world around them through informational text. As a result of the Teacher’s Vision Grant, I was able to give my students the opportunity to expand their repertoire and build literacy skills that they will need to be successful throughout their school career and daily society.

Receiving the Teacher’s Vision Grant, I was able to better serve the needs of my students. As I incorporated the informational texts in my classroom environment and instructional activities, my students were motivated and gained a love for this genre.

Once again I sincerely thank you for choosing me to receive The Teacher’s Vision grant. With your support, I am able to continue to expose my students to this genre at an early age.

Sincerely,

Keidra Lott
