

Dear Foundation Grant Committee,

I was so excited when I learned I was the recipient of a Foundation Grant. These funds have been instrumental in allowing me to purchase engaging and motivating materials for my literacy stations. The children look so forward to this time of the day. Through this grant I was able to purchase phonics games, leveled readers, and book making materials that aide me in delivering differentiated instruction which enables the children to reach their fullest potential. Thank you for all that you do to help us make a difference in the lives of our students.

Sincerely,
Teressa Gillespie
Merriwether Elementary 5K
