Dear Foundation for Public Schools in Edgefield County,

Thank you so very much for giving me the opportunity to further expand the desires my students have to think and be challenged. I was able to purchase games in reading and math for my students to use to reinforce our lessons. My students are using these games to explore math and reading skills throughout the year. Some of the games have been used to frontload skills before they have been taught. It's a joy to watch them work collaboratively as well as hold each other accountable.

I am so proud to be a part of Edgefield County and to be a representative of the Teacher Vision Grant. My students are blessed to be part of a community of leaders that believe in them and want the very best for their future.

Sincerely,
Jennifer Brucker
3rd Grade
Merriwether Elementary
