This school year, I requested a grant in the amount of \$1,121.00 in order to purchase 3 new xylophones to enhance the music education program at Johnston Elementary School. Our new xylophones arrived in January and have really excited our students. They have been played by our 5th grade students as part of a unit on improvisation and they sounded really nice. They will also be used in lessons with 2nd grade students on the half note and 1st grade students on how melodies move coming up soon. Next year, the plan is to incorporate them in at least 1 lesson per grade level.

Thank you again for funding my project. It is so greatly appreciated.

Amanda Fulmer, BME
