First off, let me just say that I am truly honored and grateful to have been selected as a grant recipient. Thank you for believing in my vision for student learning and for investing in my classroom. Being chosen for this opportunity has been both encouraging and rewarding, and I sincerely appreciate your support.

This grant has made a positive impact on my students by allowing us to implement our Technology and Innovation project focused on student podcasts. Through this experience, students have been able to plan, record, and share their own reflections, interviews, and book reviews in creative ways. The project has given them a real-world platform to express their ideas while building important academic and communication skills.

Most importantly, this grant has shown my students that their learning matters and that others care about their success. Your generosity has created lasting opportunities for growth, creativity and connection within our classroom community. Thank you again for choosing me as a recipient and for making such a positive difference in the lives of my students.

Thanks

Ms. Shekanah Coleman
3rd Grade Teacher
Douglas Elementary School
