DES

I was honored to be the recipient of a Foundation for Public Schools in Edgefield County Teacher's Vision Grant this school year. The funds provided were used for the purchase of a classroom supply of personal educational headphones. These headsets are specifically designed to be used with student devices in the classroom. They are also very functional and durable, so students have been able to complete assignments with little to no time wasted searching for listening equipment.

Read 180 students have shown growth in fluency, listening, speaking and writing skills, all because of your generosity.

Thank you!
